EXPERIENCE

2016 - Present

Freelance Agent (Contract)

Graphic and Web Designer

- Consulted and designed printed media for marketing use (banners, posters, flyers, brochures, booklets, and more).
- Worked 1-on-1 with clients creating a logo and new brand identity for organizations.
- During seasonal peaks, I contribute to creating spreadsheets and image libraries for different vendors.
- Maintaining websites by providing new images and content in relation to promotions.

2015 - 2016

Orogem Corporation

Graphic and Marketing Coordinator

- Managed marketing strategies using analytics and previous years reports to determine budget and cost for advertisements.
- Photographed jewelry and gems in a lightbox, and retouched images in Photoshop to be used for marketing campaigns.
- Updated company website banners, content, and images using Magento CMS FTP.
- Provided custom library of jewelry images for vendors and retailers to use on their website to increase sales.

2012 - 2014

FRSG LLC.

Graphic Designer

- Create apparel graphic designs using Adobe Illustrator, and matched colors with solid coated Pantone colors for print.
- Designed custom sales flyers and marketing collateral for clients to use in promotion to successfully sell their custom apparel.
- Organized and updated image gallery on the company's website using HTML in Wix.
- Communicated with 3rd party screen printers and embroiders to check on product quality and timeline of production.

2012

Ontrix Solitions (Internship)

SEO Content Writer

- Researched and wrote content for website using specific keywords in relation to the location, name, and industry of the business.
- Analyzed current SEO trends and practices for popular search engines (Google, Yahoo, and Bing).
- Acted as a designer by working with a graphic and development team to redesign the company's website.
